Fast setup and gameplay summary. Consult the full rulebook for edge cases.

1. GAME OVERVIEW

- Objective: Build the highest-scoring stained-glass window by drafting and placing colored dice while satisfying public and private objectives.
- Game ends after Round 10. Highest Victory Point total wins.

2. SETUP CHRONOLOGY

SETUP KEY

- A: Round Track
- B: 3 Tool Cards
- C: 3 Public Objectives
- D: Dice / Draft Pool
- E: Dice Bag

3. STRUCTURE OF A ROUND

PHASE 1: BUILD THE DRAFT POOL

- Roll 2 dice per player + 1: 2P = 5, 3P = 7, 4P = 9.

PHASE 2: PLAYER TURNS

- One turn clockwise, then one in reverse. Draft and place 1 die and/or use 1 Tool Card.

PHASE 3: END OF ROUND

- Place remaining dice on the Round Track; pass the Dice Bag clockwise.

4. KEY MECHANICS & RULES REFRESHER

DICE PLACEMENT

- First die: Place on an edge or corner.
- Later dice: Touch an existing die orthogonally or diagonally.
- Match a printed space by color or value. White spaces are unrestricted.
- Orthogonal neighbors cannot share color or value. Diagonal matches are allowed.
- If illegal, remove dice until every placement rule is satisfied.

TOOLS & FAVOR TOKENS

- Use at most 1 Tool Card per turn. Pay 1 Favor Token if empty; otherwise pay 2.

5. SCORING & TIEBREAKERS

- Public Objectives: Score as shown; completed rows and columns only.
- Private Objective: Add values of dice matching the secret color.
- Favor Tokens: +1 VP each.
- Open Spaces: -1 VP each.

TIEBREAKERS, IN ORDER

1. Most Private Objective points
2. Most remaining Favor Tokens
3. Reverse player order in final round
